“Let’s Get Organized”

By Kathy Nielsen

What do we do with all of our family trees, documents, photos, and random notes? Online databases, genealogy software, computer and paper files, and an application called Evernote help us organize these genealogy treasures.

Kathy Nielsen is a librarian, historian, and storyteller. She has hosted a virtual monthly program, *All Things Relative*, at the Monterey Public Library and she is co-founder of the Monterey County Genealogical Society’s special interest writing group, *Off the Charts*.
